Shifter Trailer from AVT Europe Pioneer in heavy transport

At AVT Europe NV, we noticed the need for efficient transport solutions that adapt to different environments in plants and factories. That's why we went looking for a solution and came up with innovative new products, called Shifter!

Our Shifter transport solutions are flexible, easy to use and precise. **Shifter Trailer**, **Shifter Mono**, **Shifter Flex** and

Shifter Multi Flex all have their own special advantages.

'**Shifter Trailer**' is designed to be at its best in different types of warehouses.

So how does the **Shifter Trailer** work? The Shifter's Trailer is the perfect standard solution for heavy loads. It is accessible and trustworthy for anyone taking on modest projects.

Setup is a quick and easy procedure, offering more bang for your buck compared to a regular forklift while staying easy-to-use and cost-efficient.
